EDUCATION

2023	Specialist in Gastroenterology and Digestive Endoscopy; University of Pisa, Italy
2022-present	PhD Candidate in Clinical and Translational Sciences (Research project: “Identification of non-invasive biomarkers for the management of eosinophilic esophagitis”); University of Pisa, Italy
2022-present	Honorary Research Fellow in Gastroenterology at Guy’s and St. Thomas’ Hospital, London, United Kingdom
2021	Full Registration with Licence to Practise Medicine and Surgery in United Kingdom (General Medical Council, United Kingdom, ref. nr. 7859749)
2019-2023	Specialty Training Programme in Gastroenterology at University of Pisa, Ospedale Cisanello, Pisa, Italy
2019	Licence to Practice (Ordine dei Medici di Matera; ref. nr. 2050)
2012 - 2018	Faculty of Medicine and Surgery, University of Pisa; Pisa, Italy
2018	Graduation 110/110 cum Laude and recommendation for publication; Thesis: “ <i>Research of metrics predictive of gastroesophageal reflux disease in oesophageal High-Resolution Manometry: a case-control study</i> ”

RESEARCH EXPERIENCE AND CLINICAL GUIDELINES DEVELOPMENT

2020 -present	Investigator in Randomized Clinical Trials on Eosinophilic gastrointestinal diseases and gastro-esophageal reflux disease (MESSINA study (Benralizumab)-Astrazeneca, BUL3 study (budesonide)- Phalk Pharma, Hudson study (Benralizumab)- Astrazeneca; CROSSING Study (Tezepelumab) – Astrazeneca; Celgene Cendakimab – Sanofi Genzyme)
2021 - present	Board Member for the following Clinical Guidelines : 1. EOETALY Clinical Guidelines on the Diagnosis and Management of Eosinophilic Esophagitis 2. Clinical Guidelines on the Management and Diagnosis of Gastro-esophageal Reflux Disease and Dyspepsia (Istituto Superiore di Sanità) 3. Reflux Diagnostic Workup Before Bariatric Surgery or Endoscopy; International Society for Diseases of the Esophagus/European Society of Diseases of the Esophagus; 4. Guidelines on the Diagnosis and Management of Dysphagia; United European Gastroenterology

SCIENTIFIC SOCIETIES MEMBERSHIPS AND PEER REVIEW ACTIVITY

2023-present	Trainee Editor – Neurogastroenterology & Motility (Impact Factor 3.9; https://onlinelibrary.wiley.com/page/journal/13652982/homepage/editorialboard.html)
2023-present	Board Member of the Steering Committee of SINGEM – <i>Società Italiana di Neurogastroenterologia e Motilità</i>
2022-present	Board Member of the Steering Committee of AGGEI – <i>Associazione Giovani Gastroenterologi ed Endoscopisti Italiani</i>
2022-present	Member of EUREOS – <i>European Society of Eosinophilic Oesophagitis</i>
2021-present	Member of SINGEM – <i>Società Italiana di Neurogastroenterologia e Motilità</i>
2019-present	Member of SIGE – <i>Società Italiana di Gastroenterologia</i>
2017-present	Member of UEG – <i>United European Gastroenterology</i>
2017-present	Peer reviewer activity for the following Gastroenterology Journals: <i>American Journal of Gastroenterology; World Journal Of Gastroenterology, World Journal Of Gastrointestinal Endoscopy, Therapeutic Advances In Gastroenterology, Disease Of The Esophagus, Digestive And Liver Disease, Nutrients, BMC Gastroenterology, Clinical and Translational Gastroenterology, Genes, Digestive Diseases and Sciences, Diagnostics.</i>

AWARDS AND HONORS

2023	Best Abstract Presentation Prize at United European Gastroenterology Week (UEGW2023) – Machine Learning Tools Predict Eosinophilic Esophagitis in Adults Reporting Dysphagia: Development, External Validation, and Software Creation for Point-of-Care Use – Copenhagen, Denmark, 14-18 October
2023	Travel Grant Award to attend United European Gastroenterology Week 2023 based on the merit of the presented scientific contribution (750€) – Copenhagen 14-17 October
2023	SINGEM AWARD - Best Oral Communication at SINGEM (Società Italiana di Neurogastroenterologia e Motilità)- Gastroesophageal Reflux Disease is Uncommon in Patients with Eosinophilic Esophagitis Refractory to Proton Pump Inhibitors – Padua, IT, 8-10 June
2023	Poster of Distinction Award , Digestive Disease Week (“Six food elimination diet is less effective during pollen season in adults with eosinophilic esophagitis sensitized to pollens”); Chicago, IL, 6-9 May
2023	Poster of Distinction Award , Falk Symposium 232: Inflammation of the Lower and Upper GI Tract; (“Six food elimination diet is less effective during pollen season in adults with eosinophilic esophagitis sensitized to pollens”); Bordeaux, France, 27-29 April
2023	Best Poster Communication ; Congresso nazionale di Malattie Digestive FISMAD (“Six food elimination diet is less effective during pollen season in adults with eosinophilic esophagitis sensitized to pollens”); Rome, Italy, 27Mar-1 April
2022	Research Grant for clinical research on the application of artificial intelligence,

UPDATE: November 2023

	epidemiology, and therapeutic endoscopy in eosinophilic esophagitis and Barrett's esophagus (Guy's and St. Thomas' Hospital)
2022	Travel Grant Award to attend United European Gastroenterology Week 2022 based on the merit of the presented scientific contribution (750€) – Vienna 8-11 October
2022	Best Oral Communication in Upper Gastrointestinal Tract ; Congressonazionale di Malattie Digestive FISMAD ("Eosinophilic esophagitis: most non responders to first course of PPIs achieve sustained histological remission following sequential treatment with topical steroids and second course of PPI monotherapy"); Rome, 11-14 May
2022	Travel Grant Award to attend Congresso nazionale di Malattie Digestive FISMAD, Rome, 11-14 May
2019	Travel Grant Award to attend United European Gastroenterology Week 2019 Postgraduate Teaching Programme, Barcelona 19-23 October (750€)
2018	Poster Champion Award ; United European Gastroenterology week (UEGweek); ("Absent peristalsis is underinvestigated in those without achalasia or reflux disease"); Vienna, Austria, 20-24 October
2018	Poster of Excellence ; United European Gastroenterology week (UEGweek); Vienna 20-24 October

ORAL PRESENTATIONS AT NATIONAL AND INTERNATIONAL MEETINGS

(NOT including Poster Presentations)

2023	Oral Presenter as first author at United European Gastroenterology Week (UEGW2023) – Absent Peristalsis Does Not Increase The Risk Of Dysphagia In Patients Undergoing Anti-Reflux Surgery – Copenhagen, Denmark, 14-18 October
2023	Oral Presenter as first author at United European Gastroenterology Week (UEGW2023) - Gastroesophageal Reflux Disease Is Uncommon In Patients With Eosinophilic Esophagitis Refractory To Proton Pump Inhibitors – Copenhagen, Denmark, 14-18 October
2023	Oral Presenter as first author at United European Gastroenterology Week (UEGW2023) – Machine Learning Tools Predict Eosinophilic Esophagitis in Adults Reporting Dysphagia: Development, External Validation, and Software Creation for Point-of-Care Use – Copenhagen, Denmark, 14-18 October
2023	Oral Presenter as first author at United European Gastroenterology Week (UEGW2023) – Lymphocytic Esophagitis Is Clinically And Endoscopically Different From Eosinophilic Esophagitis – Copenhagen, Denmark, 14-18 October
2023	Oral Presenter as first author at United European Gastroenterology Week (UEGW2023) - Comparison of Drugs for Eosinophilic Esophagitis: Systematic Review and Network Meta-Analysis – Copenhagen, Denmark, 14-18 October
2023	Oral Presenter as first author at United European Gastroenterology Week (UEGW2023) – Six-Food Elimination Diet Is Less Effective During Pollen Season In Adult Patients With Eosinophilic Esophagitis Sensitized To Pollens – Copenhagen, Denmark, 14-18 October
2023	Oral Presenter as first author at SINGEM (Società Italiana di Neurogastroenterologia e Motilità)- Ambulatory pH-Impedance Findings Confirm that Grade B Esophagitis provides Conclusive Diagnosis of Gastroesophageal Reflux Disease – Padua, IT, 8-10 June

UPDATE: November 2023

2023	Oral Presenter as first author at SINGEM (Società Italiana di Neurogastroenterologia e Motilità)- Gastroesophageal Reflux Disease is Uncommon in Patients with Eosinophilic Esophagitis Refractory to Proton Pump Inhibitors – Padua, IT, 8-10 June
2023	Oral Presenter as first author at Digestive Disease Week (DDW2023) - Ambulatory pH-Impedance Findings Confirm that Grade B Esophagitis provides Conclusive Diagnosis of Gastroesophageal Reflux Disease – Chicago, IL, USA, 6-9 May
2023	Oral Presenter as first author at Falk Symposium 232: Inflammation of the Lower and Upper GI Tract; (“Six food elimination diet is less effective during pollen season in adults with eosinophilic esophagitis sensitized to pollens”); Bordeaux, France, 27-29 April
2022	Oral Presenter as first author at United European Gastroenterology Week (UEGW2022) - Ambulatory pH-Impedance Findings Confirm that Grade B Esophagitis provides Conclusive Diagnosis of Gastroesophageal Reflux Disease – Vienna, Austria 8-11 October
2022	Oral Presenter as first author at Digestive Disease Week (DDW2022) – Eosinophilic Esophagitis: Most Non-Responders To First Course Of PPI Achieve Sustained Histological Remission Following Sequential Treatment With Topical Steroids And Subsequent PPI Monotherapy - San Diego, CA, USA 21-24 May
2022	Oral Presenter as first author at FISMAD (Congresso Nazionale Di Malattie Digestive)- Eosinophilic Esophagitis: Most Non-Responders To First Course Of PPI Achieve Sustained Histological Remission Following Sequential Treatment With Topical Steroids and second course of PPI monotherapy; Rome, 27 Mar-1 April
2021	Oral Presenter as first author: Oral Presentation at Investigator Meeting Astrazeneca – A challenging case of eosinophilic esophagitis; Milano 1 Dec
2021	Oral Presenter as first author: Oral Presentation at SINGEM (Società Italiana di Neurogastroenterologia e Motilità); Eosinophilic Esophagitis Is Frequently Associated To Disorders Of Peristalsis At High-Resolution Manometry: A Prospective Case-Control Study; Bologna 12-13 November
2021	Oral Presenter as first author: Oral Presentation at United European Gastroenterology Week (UEGweek Virtual 2021) – Artificial Intelligence in the Diagnosis of Esophageal Diseases: a Systematic Review with Meta-Analysis; Virtual 3-5 October
2021	Oral Presenter as first author: Oral Presentation at United European Gastroenterology Week (UEGweek Virtual 2021) – EGJ Outflow Obstruction According To The New Chicago Classification: How Many Diagnoses Might Be Confirmed?; Virtual 3-5 October
2018	Oral Presenter as first author: Oral Presentation at British Society of Gastroenterology annual general meeting; Liverpool, 4-7 June
2018	Oral Presenter as first author: Oral Presentation - Champ session at United European Gastroenterology Week (UEGweek); Vienna, 20-24 October
2018	Oral Presenter as first author: Poster Presentation at United European Gastroenterology Week (UEGweek); Vienna, 20-24 October

INVITED LECTURES

2023	Invited Lecture at Probiotics – New Frontiers of Probiotics In Gut Barrier Modulation – Rome, 16 th – 17 th September
2023	Invited Lecture at ESNM (European Society of Neurogastroenterology and Motility) – Swallowing disorders and ageing – Bucharest 31 st August- 2 nd September

2023	Invited Lecture at SINGEM (Società Italiana di Neurogastroenterologia e Motilità)- Medical Therapy for Esophagogastric Junction Outflow Obstruction: does it have any role? – Padua, IT, 8-10 June
2023	Invited Lecture at World Digestive Health Conclave Sponsored by <i>JB Pharmaceuticals</i> – Deprescribing Proton Pump Inhibitors: What, When and Why – Online meeting, 28 May
